

The Vision for the NPU Terminology is to deliver high quality terminology, which is acceptable, available and attractive for use.

Strategic plan for the NPU terminology for 2025

The Steering Committee on NPU plans to:

- Broaden the international use of NPU terminology
- Demonstrate how NPU terminology may be used with terminologies and open standards, for example SNOMED CT and FHIR messaging
- Establish NPU terminology as an integral component of laboratory messaging
